DECISION ON REQUEST

In a decision mailed by this Office on 25 September 2007, applicants' request to correct inventorship was dismissed without prejudice for failure to satisfy all the requirements of 37 CFR 1.497(d). Specifically, applicants had not provided the required consent of the assignee to the requested change in inventorship. The decision also indicated that the declaration filed by applicants on 01 September 2006 was defective under 37 CFR 1.497(a)-(b).

On 27 February 2008, applicants filed the renewed request under 37 CFR 1.497(d) considered herein. The submission included the consent of the assignee to the requested correct of inventorship, in the form required under 37 CFR 1.497(d)(3) and 3.73(b). Further, the declaration filed 27 February 2008 is acceptable under 37 CFR 1.497. Accordingly, applicants have now satisfied all the requirements to correct the inventorship herein.

Applicants' request to correct inventorship under 37 CFR 1.497(d) is **GRANTED**. The inventorship herein is corrected to add Stephen J. Elledge as additional inventor of record.

This application is being forwarded to the National Stage Processing Branch of the Office Of PCT Operations for further processing in accordance with this decision. The date under 35 U.S.C. 371(c)(1), (c)(2), and (c)(4) is 27 February 2008.
